Fathers To Future Men was formed in 2007 when Ken Beck the owner of *Black Widow Bows* turned over to *God's Great Outdoors* Board of Directors, the operation and ownership of a foundation which was established as a result of their family's 1979 loss. *The Scott Beck Memorial Fund* was created in memory of Ken's son who was killed at the age of sixteen as a result of a dune buggy accident. *Fathers To Future Men* was established because of GGO's Board of Directors personal relationship with a boy who's dad had started beating up on the youngster both physically and emotionally, telling his son, "I never want to see you again!" This pheasant hunt is a fund raiser targeted to reach other boys who are or have undergone this type of parental abuse.
